# Integrating Virtual Exchange into Higher Education: Strategies for Cross-Border Collaboration

## WORKSHOP

### NUMBER OF PARTICIPANTS

- 20 max.

### DURATION

- 1 session of 90 minutes

### OBJECTIVE

- Understand the concept and benefits of virtual exchange in higher education.
- Explore practical strategies for designing and implementing virtual exchange projects.
- Share experiences and best practices across European higher education contexts.
- Develop a preliminary action plan for integrating virtual exchange into participants' institutions.

### SUMMARY

- In this workshop participants will explore the benefits and strategies for integrating virtual exchange projects into their teaching practices, enhancing cross-border collaboration and global learning opportunities. Through interactive discussions, case studies, and hands-on activities, the workshop offers practical insights and fosters connections among educators committed to transforming education through virtual exchange.
