Zoom basics

WEBINAR

NUMBER OF PARTICIPANTS

- maximum 10 participants

DURATION

- 1 hour

SUMMARY

Participants will gain a working knowledge of the main tools and functionalities of the video conferencing application Zoom.

DESCRIPTION

- Zoom Meetings is a cloud-based platform that makes it possible to hold videoconferences, business calls, online training courses and other online events.
- With the Zoom platform, you can participate in meetings in video and/or audio format and even have the option of recording the sessions, either in the cloud or locally, to view them later.
