

## Call for EUNICE International Student Research Club at LEAG 2025

Are you a Bachelor, Master or PhD student? Are you interested in working in an interdisciplinary research group on a real, challenging problem from a German company? Then apply for the International Student Research Club!

The club is open to applicants from any field of study and offers the unique opportunity to present your solution to the company, win a prize, and travel to their headquarters to gain further insight into their operations.

### How does it work?

- Apply **until the 13<sup>th</sup> of February 2025**.
- As soon as we receive your application, you will be assigned to an interdisciplinary Research Club made up of EUNICE students at Bachelor, Master or PhD level.
- In your Research Club, you will work virtually from beginning of March on the challenge posed by the German company LEAG and have until the end of March 2025 to prepare a short presentation of 4 minutes, a so-called pitch, with your solution to the proposed problem. (Find below the guideline for your pitch presentation)
- Present your pitch to the company in an online meeting at the beginning of April 2025
- The company decides on the winning Research Club by 17 April 2025
- The winning Research Club will be invited to work on the challenge in May 2025 at the LEAG's co-working space and will have the exclusive opportunity to get to know the company from the inside!

We are looking for **an interdisciplinary team** that can cover the following aspects of problem solving:

- Engineering and technical aspects for the energy system
- Economic (sales) and environmental aspects
- Sociological (human resource) aspects
- Political and legal aspects

### Include the following aspects in your pitch:

- Social, environmental and urban/regional planning issues arising from the regions in transition.

### For the *winning* research club we offer:

- International and interdisciplinary collaboration on a real current challenge for a regional Germany company
- On-site work at the LEAG's co-working space in Cottbus
- Travel and accommodation costs covered
- Prize and lunch donated by LEAG
