3. COURSE CONTENT.

During this course the student will learn the very basic words and phrases of German in different everyday situations:

- greetings
- numbers – telling the time, prices
- most common phrases connected to studying: library, lectures, exercises, seminars, official functions, socializing, life on campus
- everyday practical situations: shopping, food, going to a café/restaurant/bar, buying a train ticket, concert ticket, movie ticket online

They will also get information about German culture and society:

- How do we talk to people (formal vs. informal)?
- National idiosyncracies

Basic information about the Brandenburg University of Technology and possibilities to deepen the language skills while in Germany is provided.

4. LEARNING OUTCOMES.

The student will learn how German works as a language, how to understand simple texts and find information in them. The student will also get practice in listening comprehension and learn how to correctly pronounce German. Moreover, they will learn about the very basics about German

society and culture.

5. OBJECTIVES.

Practice of receptive skills and strategies needed to manage everyday situations in German and motivation of students to deepen their skills in German.
To convey an understanding of culturally significant factors.
