October 2025

**RENEWED  
PRACTICES**

**PRE-REQUISITES**

- Teaching staff who want an intro to or a refresher on the core functionalities of Teams.

**HOW TO REGISTER**

- <https://forms.office.com/e/QM0ux0rMGD>

# H5P for interactive teaching in Moodle

## WORKSHOP

**NUMBER OF PARTICIPANTS**

- maximum 20 participants

**DURATION**

- 2 hour

**OBJECTIVE:**

Upon completion of this course, participants will be able to

- Create various types of interactive learning content using H5P within a Moodle course.
- Integrate interactive elements – such as quizzes, presentations and interactive videos – to enhance student engagement and active learning.
- Manage and reuse H5P content efficiently, enabling easy sharing and adaptation across different courses.

**SUMMARY:**

- The course is designed for teachers who want to create an interactive online learning environment. We will explore how to use H5P, a powerful and versatile tool integrated into Moodle, to build engaging activities. With H5P you can create interactive elements e.g. various kinds of quizzes to encourage your students to evaluate their own learning.
