Higher Education Didactics for Sustainability (HEDS)

ONLINE COURSE

NUMBER OF PARTICIPANTS

- No limit

DURATION

- 80 hours of commitment

OBJECTIVE

- The course provides participants with a forum to transform their pedagogical approaches in relation to the Education for Sustainability (EfS) framework, leveraging a problem-based, peer-led, and participatory learning design.

SUMMARY

- An online course for educators and pedagogical developers in higher education. Through participatory and problem-based learning, participants explore connections, competencies, teaching methods, and responsibilities for fostering a sustainable future. The course embodies values of presence, care, honesty, respect, and engagement.
