[National support for European Universities must be strengthened, new ACA study finds](#)

A new report published by the Academic Cooperation Association (ACA) reveals that national-level support for Higher Education Institutions (HEIs) participating in the European Universities Initiative (EUI) remains fragmented and insufficient, despite the initiative's strong potential to drive systemic transformation across European higher education.

[European Universities Alliances: The Beating Heart of Europe's Future Discussion – EUNICE](#)

Remarkable results have been **achieved since the launch of the European Universities initiative in 2019**, which demonstrate the transformative potential of working together. Key takeaways that show its scale and ambition can be found in the European Commission's report *Outcomes and transformational potential of the European Universities initiative*. Updated data has also been collected by FOREU4ALL in November 2025, with responses from 59 alliances to the dedicated survey.
