## HOW TO ARRIVE

### TRANSPORTATION TO PUT

#### FROM THE AIRPORT

If you travel by plane, please take the bus no. 159 (direction: Poznań Główny). The bus stop is located on the right side after the exit of arrival hall. Get off at **Rondo Kaponiera** stop and change for the tram no. 13 (direction: Starołęka PKM). The stop you have to get off is **Politechnika**.

You can use also Google maps or the App/website [jakdojade.pl](http://jakdojade.pl). The tram stops close to PUT, where you can get off, are: **Politechnika** and **Kórnicka**.

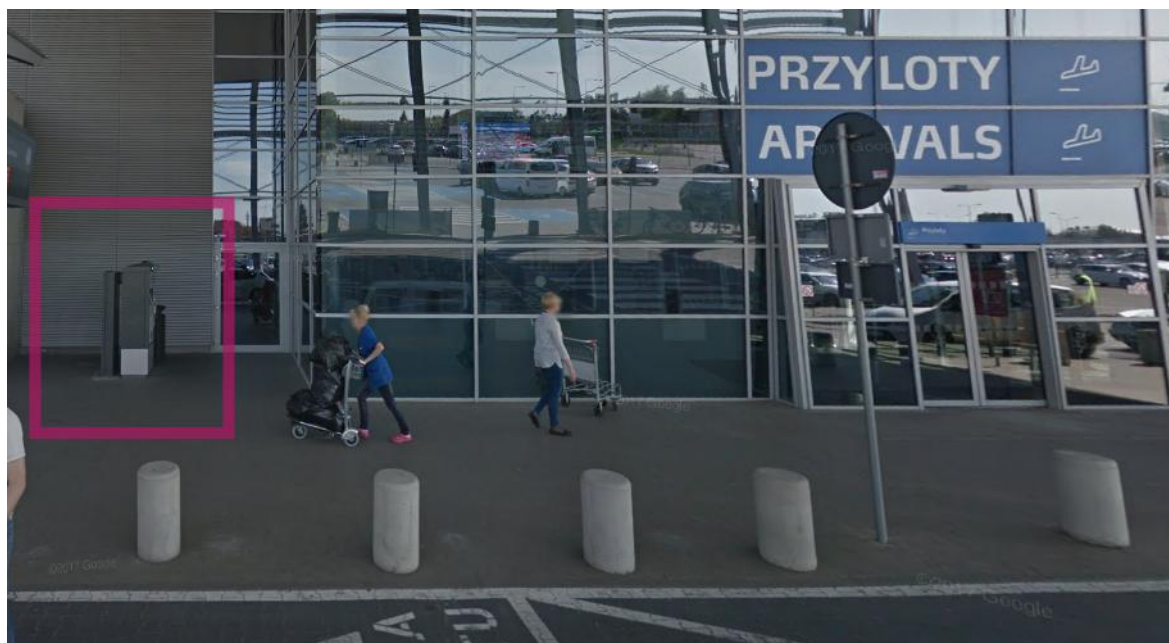

## FROM THE TRAIN STATION

If you travel by train, please go up to the bridge (Most Dworcowy), take the tram no. 18 (direction: Franowo) and get off at the stop **Kórnicka** (please see the map above – you will have to walk around 5 minutes to the campus).

In both cases you can also use **Taxi** (+48 61 822 22 22; +48 61 8 519 519) or **Uber**.

## TICKETS FOR THE PUBLIC TRANSPORTATION

While travelling by bus and tram, please buy a ticket in a vending machine (*biletomat*). In case of the airport it is located right behind the exit doors from the arrival terminal (on your right).

In case of train station the vending machines are located: in the exit hall from the train station (between train station and shopping mall) and also at the Most Dworcowy tram stop. You can also buy the tickets in a tram or a bus and pay by card. There are four language options: Polish, English, German and Ukrainian.

The entire Poznań is covered with so called “zone A” – it means that you only need to buy a ticket in this zone (there are also zones: B, C and D, which are further from the city). When you travel from the airport, it is good to have 45-minute ticket, zone A. If you travel from the railway station – 15-minute ticket, zone A is enough. If you have a ticket in a paper form – please, remember, you need to validate it while entering a bus or tram.
